Ian Dong

🏠 2024 Durant Ave, Berkeley, 94704, CA, USA

📫 ihdong@berkeley.edu ☎ (925) 596-8235 💼 LinkedIn: www.linkedin.com/in/ianhdong

Aspiring computer software engineer with 4+ years of experience in programming and theoretical computer science and adept at using Java, Python, C++ in producing efficient and readable code

📚 Education

University of California, Berkeley	**Berkeley, CA**
Computer Science B.A. 4.00 GPA	Aug 2021 – May 2024

Relevant Coursework:
- Structure and Interpretation of Computer Programs, Linear Algebra and Differential Equations
- Data Structures, Discrete Mathematics and Probability Theory, The Foundations of Data Science, Introduction to Full Stack Development

Activities: Cloud at California, MI2 @ Berkeley

💼 Experience

App Orchid	**San Ramon, CA**
Software Engineer Intern	May 2022–Present
UC Berkeley Electrical Engineering & Computer Sciences (EECS)	**Berkeley, CA**
CS 70 Reader	June 2022 – Aug 2022

- Created rubrics for homework and exams + graded assignments.
- Hosted office hours for students to ask questions related to course material

Cloud at California	**Berkeley, CA**
Student	Jan 2022–Present

- Member of a consulting group led by UC Berkeley students that aims to build and support the next generation of cloud engineers
- Collaborated with other cohorts of students on several projects and become cloud certified as well as develop proficiency in Amazon Web Services (AWS)

UC Berkeley Electrical Engineering & Computer Sciences (EECS)	**Berkeley, CA**
CS 61A Academic Intern	Jan 2022 – May 2022

- Assisted in weekly CS 61A labs; on average facilitated 15+ student requests
- Helped students debug their code, resolved any logistical concerns, and supplemented learning with mini-lectures

🔧 Projects

Gitlet	Apr 2022

- Built a simplified version control system utilizing file persistence, cryptographic hashing, regex, a variety of data structures, and graph traversals.
- Emphasized software engineering design principles such as efficiency, decomposition, and clean style

Scheme Interpreter	Nov 2021

- Developed an interpreter for a subset of the Scheme language coded entirely in Python
- Required a significant understanding of lexical and syntactic analysis as well as input parsing

Blythe Mental Hub	Nov 2019

- Partnered with cross functional teams to develop a mental health hub designed to connect people in need of support using HTML and CSS

✋ Skills

🧰 **Languages:** Java, Python, C++, HTML, CSS, Javascript, SQL

🛠 **Frameworks:** Node.js, React, Express

🏆 Awards

LeetCode Coding Ranked; Ranked 2316 globally	Aug 2020 – present
USACO GOLD; Gold Division	Jan 2021
AMERICAN INVITATIONAL MATHEMATICS EXAMINATION (AIME) Qualifier; 1x Recipient	Mar 2019
